All Things New John Eldredge, 2017-09-26 New York Times bestselling author John Eldredge offers readers a breathtaking look into God's promise for a new heaven and a new earth. This revolutionary book about our future is based on the simple idea that, according to the Bible, heaven is not our eternal home--the New Earth is. As Jesus says in the gospel of Matthew, the next chapter of our story begins with the renewal of all things, by which he means the earth we love in all its beauty, our own selves, and the things that make for a rich life: music, art, food, laughter and all that we hold dear. Everything shall be renewed when the world is made new. More than anything else, how you envision your future shapes your current experience. If you knew that God was going to restore your life and everything you love any day; if you believed a great and glorious goodness was coming to you--not in a vague heaven but right here on this earth--you would have a hope to see you through anything, an anchor for your soul, an unbreakable spiritual lifeline, reaching past all appearances right to the very presence of God (Hebrews 6:19). Most Christians (most people for that matter) fail to look forward to their future because their view of heaven is vague, religious, and frankly boring. Hope begins when we understand that for the believer nothing is lost. Heaven is not a life in the clouds; it is not endless harp-strumming or worship-singing. Rather, the life we long for, the paradise Adam and Eve knew, is precisely the life that is coming to us. And that life is coming soon.

Capsaicin - Sensitive Neural Afferentation and the Gastrointestinal Tract Gyula Mozsik, Koji Takeuchi, Omar Abdel-Salam, 2014-07-16 The capsaicin, a component of paprika, has been used in the culinary practice of every day nutritional practice. This agent is known to cause a variety of actions in the body through activating capsaicin-sensitive afferent neurons. A recently launched book entitled, Capsaicin-Sensitive Neural Afferentation and the Gastrointestinal Tract: from Bench to Bedside, is attractive for several reasons. First, Prof. Mozsik, a chief editor of this book, is known internationally as an expert in capsaicin pharmacology. Since he has worked for many years as a head of internal medicine, taking care of patients with various GI diseases, he is able to make a correct interpretation of various findings obtained in basic researches to clinical events. Second, although there are many articles about capsaicin, they mostly deal with basic research and finding but do not include much about clinical finding. Third, this book encompassed review articles written by internationally accepted scientists leading the field of capsaicin research, who highlighted the current state of knowledge on pharmacology, physiology and clinical pathophysiology of capsaicin-sensitive afferent neurons, and discussed directions for future research. Overall, this book is for people who are interested in the capsaicin action in body.

Cox-2 Joseph R. Bertino,Andrew J. Dannenberg,Raymond N. DuBois,2003-01-01 Numerous investigators have found increased levels of cyclooxygenase-2 (COX-2) in both premalignant and malignant tissues. Moreover, animals engineered to be COX-2 deficient or treated with a selective COX-2 inhibitor showed reduced tumor formation and growth. The present book reviews these findings suggesting that COX-2 is a valid molecular target for the prevention and treatment of cancer. The first chapters are devoted to the epidemiology of nonsteroidal anti-inflammatory drugs (NSAIDs) and cancer, the pharmacology of COX-2 inhibitors and the regulation of COX-2 expression in human cancers. Besides, the book contains a series of chapters examining the link between COX-2 and cancer in specific organs (e.g. skin, breast, cervix, digestive tract, lung, etc.). Furthermore, several clinical trials assessing the potential of COX-2 inhibitors for preventing and treating cancer are described. The final chapter provides an up-to-date consideration of COX-independent targets of NSAIDs and related compounds in cancer prevention and treatment. This state-of-the-art publication is recommended reading not only for medical and radiation oncologists, but also for pharmacologists, gastroenterologists and other subspecialists.

Bouma, Resistance Is the Only Way The first story in an epic four-episode, binge-worthy story season told through full-length, complete novels with cliff-hangers that make you hunger for more. Alexander Zarruq, John Mark Ford, Ryder Reeves, Junia Kaminski, and Sasha Pavlovich have stolen themselves into one of Solterra Republic's many reprogramming camps to rescue one of their own. Kareema Salam, who was snatched a year ago by Republic Enforcers and hadn't been seen from since until intel from the Resistance placed her at this reprogramming camp. Except— Except they make a grim discovery that sets the pace for the next era of the SEPIO Resistance from the newly reconstituted Order of Thaddeus, ancient defender of the Church stretching back to Jesus' earliest apostles. An era of horrific, torturous persecution for not just the Church's underground protectors of the faith — But the Ichthus Remnant. The faithful men, women, and children who cling to the hope of faith during these dark end-times days. And when a bulletin from the Republic announces startling news, all bets are off. Because they all know exactly what it means — for the Church, for them. The Antichrist will rise. When he does — the 'abomination that causes desolation,' as Jesus himself prophesied — everything will signal the beginning of the end for humanity. And the finalizing, totalizing events John the Seer wrote about 2,000 years go in the Book of Revelation. Antichrist Rising is the climactic end to the explosively inventive time-travel series that recasts the Christian struggle in a future world rife with social and religious challenges combined with technological and political change that feels close to home—inviting readers to experience the sacrifices and struggles to persevere unto victory in the face of hostile forces, both in the future and the past. Friends will die under torturous persecution. Lovers will be separated and find the unexpected. Survival will hinge on the Resistance, which is the only way during these last days. The only way to remain faithful, to find victory in the face of overwhelming odds. To survive until Jesus returns to fight the

final fight. The ultimate, climactic battle between good and evil. Between Christ and Antichrist. And you will have a front seat for it all — diving into the depths of what it means to live not by lies, to take up your cross and follow Christ in these last days, to Resist in the face of overwhelming odds. End Times Chronicles is an explosively inventive time-travel series that recasts the Christian struggle in a future world rife with social and religious challenges combined with technological and political change that feels close to home—inviting readers to experience the sacrifices and struggles to persevere unto victory in the face of hostile forces, both in the future and the past. Not since the blockbuster Left Behind series has a story captured the heart of the Church's mission in these last days—offering a unique, page-turning adventure that not only entertains through thrilling action and mysterious suspense, but captures the urgency of our own day and inspires for the journey of faith.

Supremacy: Reformation - Episode 1 Jason Craft, Cast down and imprisoned in the age past, the gods left their creation to survive without guidance. Two brothers now struggle to unite the last of the ancient Orders. One rules as emperor, taking up the divine mandate bequeathed him. The other questions his brother's loyalty to the gods, declaring he has supplanted them. With the rest of the galaxy shrouded in darkness, the Second Order stands as humanity's last bastion of hope until the gods return. Will they survive? In this episode, Jade, Priestess of the Communication Order, leads a covert mission that heralds the beginning of a new era. When the mission goes awry, she must think fast to prevent the emperor from crushing her. For when the gods return, they will find a people ready to receive them instead of slaves to an emperor.
